## Recent Operations

By Paul Rardin

I've had a dozen people ask if I've read "Gone With The Wind." My answer has always been in the negative. Now that I've found out who Margaret Mitchell, the author of the book, is, I think I'll take a little time off and rest the widely-heralded volume. I am also a member of the Everglades Club, the wife of John H. Marsh, advertising director of the Georgia Power company with offices in Atlanta. John and I used to go good friends back in the days when we were members of a country club in South Georgia, in a town served by his company, Krocjohn John as I do. I believe I will enjoy the book a great deal more now than I would had I read it not knowing this connection.

Well, it looks like road 25 be-

tween Twenty Mile Bend and Eight Mile bridge will remain closed for another year. Board members, members of the state road board, and members of the county commission, met in West Palm Beach Wednesday to work out a solution to the perplexing problem of maintenance of the state road 25 right-of-way.

Mr. Bateman reported that the road board attorney would not accept the proposed right-of-way and county commissioners immediately went into action to obtain a right-of-way in the afternoon. Board members of Belle Glade and others towns on the south shore of the Lake have been forced to detour via Canal Point and Pahokee since the road was washed away April 1. An agreement was reached between Mr. Bateman and the county commissioners and rebuilding the stretch of highway will go forward just as soon as the right-of-way can be obtained.

O. B. McClure, Frank Todd, friend of Mr. Smith and Mac Treadaway, bought a pack of "empty cards" from the game store formerly operated by W. C. Rhoades at Port Canaveral and will operate it until next year.

Frank Todd, friend of Mr. Smith, has been forced to close his business because he has been unable to pay his debts.

Before the joint session Dr. F. G. Garner of Winter Haven was elected chairman of the game and fish commission, succeeding Henry F. Parker of Lakeland, whose term had expired.

Board members attending included W. L. Koon of Punta Gorda, J. M. Keen of Lakeland, Clyde Bailey of Oxford, J. H. Bright of Hialeah, C. F. Rawlerson of Port Orange, and J. P. Hatch of Live Oak.

## Slaughter of Tick-Infested Deer Will Start Sept. 10th

Plan Worked Out at Meeting Held in Orlando on Monday

September 10th was the date set for beginning the slaughter of tick-infested deer in Highlands, Glades, Okeechobee and Orange counties, at a meeting held in Orlando Monday by members of the State Livestock Sanitary Board and Game and Freshwater Commission.

It was decided by mem-

bers of the two boards that removal

of wild deer in the aforementioned

counties shall be accomplished by

shooting by commissioned agents,

representatives of the State

Live Stock Sanitary Board and

Game and Freshwater Com-

mision.

At the public hearing cattle

and swine owners suggested

that they be used in controlling

the deer. The first ad-

vertisement appeared in the

newspaper in the town of

Belle Glade on September 1st.

Official slugs will start at

9 a.m. on Sept. 10th and continue until Dec.

23, except in Okeechobee county where the board's action is subject to local regulations.

Any person violating regulations shall forfeit his hunting license and permit.

Persons found guilty that hunters must check in and out of stations to be set up by the board where all deer taken are to be inspected for ticks; deer must be butchered by the hunter and the head and neck removed before being turned over to board representatives; running dogs cannot be used in hunting; board representatives cannot sell either hides or venison and deer carcasses must be kept of all deer killed in the area.

Before the joint session Dr. F. G. Garner of Winter Haven was elected chairman of the game and fish commission, succeeding Henry F. Parker of Lakeland, whose term had expired.

Board members attending included W. L. Koon of Punta Gorda, J. M. Keen of Lakeland, Clyde Bailey of Oxford, J. H. Bright of Hialeah, C. F. Rawlerson of Port Orange, and J. P. Hatch of Live Oak.

Press Conference in Daytona Beach

Daytona Beach, Aug. 12 (FNS)—The Florida State Conference of Florida State, Farm Bureau and Agricultural clubs held here last week was declared by officials one of the most interesting and constructive meetings ever held by the organization.

The conference program arranged by President E. F. Smith included talks by several prominent newsmen and civic leaders and discussion of ways and means of advertising the state's welfare.

Harold Coker, state president of the Florida State Chamber of Commerce, acquainted delegates with plans of his organization for a new advertising campaign similar in character to that of the All-Florida Committee.

Ralph Nicholson, president of the Associated Dairies, reviewed the activities of the former committee of which he was chairman and pointed out the progress the group which remained in a rather spirited debate between himself and Coker.

Karl Lehman, representing the Florida National Exhibit, an interstate fair, presented a plan for the exhibition at Chicago, New York, Cleveland and other points, and stated that this week twenty-nine million persons will be between stops at filling stations.

One of the outstanding accomplishments of the Bell Glade Club is that of sending visitors to the annual luncheon.

Between business sessions the City of Daytona Beach provided many forms of entertainment for the visitors, including a fish-fry, the Alligator Picnic, Beach parties and a banquet and floor show at the Chateau Lido.

A friend of mine who sells auto parts told me the other day that he had an offer to buy a car from a purchaser.

It seems that this man bought a car that gives exceptionally good mileage. He said it gave ten miles on one tank of gas.

In fact, he said, it was so good for light duty he had to get it repaired on Lair Field. The athletic council will soon be making plans for the great national pastime.

Just what caliber of team will represent the Glades this year is not known. It should be a good one though.

A friend of mine who sells auto parts told me the other day that he had an offer to buy a car from a purchaser.

It seems that this man bought a car that gives exceptionally good mileage. He said it gave ten miles on one tank of gas.

In fact, he said, it was so good for light duty he had to get it repaired on Lair Field.

The B. Y. P. U. of the First Missionary Baptist Church in Canal Point will have charge of the evening services Sunday in the absence of Rev. Jordan. There will be special music and the public is invited.

A highly prized office of official Egyptian times is that of official fan bearer to the king. The officer was given a fan made of feathers arranged in a half circle mounted on a long handle.

R. W. A. Duncan of Frostproof and Lawrence Will of Belle Glade were club visitors.

## Florida Motor Lines Schedule Advertisements

The Florida Motor Lines, operating buses through Canal Point, have scheduled a series of advertisements to appear in the columns of the Everglades News. The first advertisement appears in this issue.

AN INDEPENDENT NEWSPAPER

Editor at the post office at Canal Point, Fla., as second class matter.

Paul Bargi — Editor and Publisher

Just a few more days—and then  
the school bell!

Auto accidents have taken 18  
lives in Palm Beach county thus  
far in 1937. Why not exercise a  
little more caution?

Stay from under ladders, side  
step black cats and take plenty  
of time at most any job today.  
It's Friday the 13th.

The familiar sound of tractors  
blowing at night was in evidence  
this week for the first time this  
summer. Farmers are getting busy  
turning soil and making ready for  
early planting.

Members of the Florida Press  
Association gathered in Daytona  
Beach on Friday last Sunday for  
their annual conference. The atmo-  
sphere was small and some of  
the fellows thought the name of  
the meeting had something to do  
with the attendance.

Four persons met sudden death  
in Daytona Tuesday when an Eastern  
Air Lines' plane crashed into a  
newly placed electric light pole.  
Just why the pole should have  
set so near the landing field has  
not been definitely determined by  
officials of the power company.  
Cause of the accident may be sat-  
isfactorily explained in the future,  
but it's too late now. Four lives  
have been lost.

Compiled statistics show that to-  
tal expenses of the governor's of-  
fice for the first six months under  
Governor Fred C. Cone, amounted  
to \$20,960—less than one per cent  
of the total state budget in 1936.  
Just another instance where the gentleman from Colu-  
mn county is making good on his  
campaign promise to inject a little  
common sense economy into state  
government.

A fellow who I informed about  
it, Mr. Cole, said he had a right  
well, and before he'd been  
told, very long most folks real-  
ized that he was making a NEW  
speech as they began to listen.

He told us of the plan of the  
Committee on Taxation to adver-  
tise the state, explained how  
Governor Cone was gonna help  
raise the money, and just about  
had everyone ready to stand up  
and shout "Glorious Hallie-luah!" when  
Ralph Nicholson of the Tampa  
Associated Dailies of Florida, came  
up out of his chair and smears  
Mr. Cole's little advertisement's  
picture until it looked like a cross  
of "Hailie-luah" and "Comet" and  
a crazy quilt.

By this time the audience was  
wide awake and everybody was  
having the time of their life. For  
few minutes of the hour, the girls  
didn't know whether to faint or  
laugh, and the room and the felons  
begin lookin' for cushion and pop  
bottles, just in case.

And the wordly hattie raged,  
petted, jounced and jummed and  
shouted. Sighs, as ephemerous,  
proved himself master of the sit-  
uation by rising when the debators  
paused for breath to congratulate  
them on their splendid contribu-  
tion to the program and call an  
end to the meeting. Karl Lehmann for a few words.

Paying a glowing tribute to the  
two young gentlemen whose love  
and faith for Florida led them to  
overcome the problem to be  
hosted by the state, Mr. Cole  
poured oil on troubled waters and  
then launched into a report of the  
amazing accomplishments achieved  
by the state. National Exhibits  
of the Tampa Bay area, New  
York, Cleveland and other points,  
about which there could be no  
doubt, urged everyone to get  
together and work for a bigger  
and better tomorrow. The coming New  
World's in store.

And so what was expected to be  
a routine session turned out to be  
a most interesting, lively and con-  
structive meeting. It is meeting  
mind that I particularly  
wrote down because of its natural  
and open expression is de-  
pendable. The most impressive thing  
about the whole affair, to my mind  
is that such able, sincere and con-  
fident men as Mr. Cole, Mr. Nicholson  
and others, who have been  
known publicly with whom  
had come to the meeting, New  
York, Cleveland and other points,  
about which there could be no  
doubt, urged everyone to get  
together and work for a bigger  
and better tomorrow. The coming New  
World's in store.

More happenings on the other  
side of the Lake at the bugly little  
city of Moore Haven lead one to  
believe business is on the up-  
grade. More and more people  
are moving to that part of the  
plant to vegetate this year.  
Work will soon be finished on the  
water plant. The main pump  
engine for the new plant arrived  
the latter part of last week. Work  
headed to installation of the  
pump must be completed and the  
new water supply will be ready.

In Okachobee a gas engine has  
been used to generate electricity  
for street lighting purposes for  
the past several months. The city council  
contracted with the Florida  
Power and Light Company for  
electricity for the lights at a re-  
cently developed under the contract.  
Under the deal worked out the power  
company will pay up enough back  
taxes to pay the street lighting  
bill for a period of six months and  
give the city a little extra cash.  
At the expiration of the six  
months the power company will  
pay another batch of taxes.

In a deal recently consummated  
Mr. and Mrs. M. C. Pitts became  
the proprietors of the Southland  
Hotel in Okachobee.

The Banking Department made the  
same mistake the property was taken over  
by that agency, at the time the  
Trust Company of Florida—part  
of the hands of the receivers. Mr.  
Pitts has been hard at work to  
work the business. He is post-  
master. Sale price of the building  
was not made public.

## TOO LATE TO CLASSIFY

By Russell Kay.

Delegates to the mid-summer  
State Fair held at West Palm Beach  
and at Daytona Beach, gathered  
more or less reluctantly at the  
Williams Hotel for the brief "busi-  
ness session."

It was a hot stuffy morning and  
the cool Atlantic was welcome.  
The weather was a report,  
blockades, further, a report  
that the fishing was exceptionally  
good at the inlet. Bell boys laden with tinking ice  
pitchers and bottles of gingerale,  
giving in and out of elevators, was  
a sight to behold, element for a  
hot, friskin' day.

But President Bob Sikes, with the  
prestige and dignity of the "Four-  
th Estate" uppermost in his mind,  
satiated on holding at least one  
in consequence, fishing tackle  
golf clubs and bathing bags were  
stacked in a corner while the boys  
and girls of the press took their  
seats to squirm their tails and yawn  
while scheduled speakers, the  
manuscript, mopped perspiring  
prows and tugged at wilting col-  
lars.

Presenting the Harold Cole, pres-  
ident of the Florida Chamber of  
Commerce, the speaker's sub-  
ject was "State Advertising." Like  
the guy who didn't want to buy a  
book because he already had one,  
he didn't think it worth the trouble  
to speak because he already had  
the audience. And as for the subject  
"Advertising Florida," they'd  
head that one too.

For a fellow who I informed about  
it, Mr. Cole, said he had a right  
well, and before he'd been  
told, very long most folks real-  
ized that he was making a NEW  
speech as they began to listen.
